

Introducing
The M.A.C. Advantage
Your Personalized Training Program for
Maintenance And Cleaning of Commercial Carpets
From Shaw Industries

Shaw Industries Technical Services announces an engaging online, interactive, Maintenance and Cleaning training tool for your organization. Whether you are responsible for decisions about the purchase of floor coverings; the maintenance of your facility; or you actually maintain the carpet; this program is for you.

This training covers topics such as:

- ◆ How to select carpet that will make your maintenance job easier
- ◆ The science behind proper cleaning
- ◆ Why it is important to invest in a sound Maintenance Plan for your facility and how to create and implement such a plan
- ◆ Where to find the proper cleaning resources such as Education and Training and Industry approved Cleaning Agents and Cleaning Equipment
- ◆ It provides demonstrations of the actual cleaning procedures and technology including “Appearance Improvement using Encapsulation Technology”

The program consists of two different courses:

- ◆ MAC for Managers is for anyone who makes decisions concerning the design or purchase of commercial carpet or anyone who makes decisions about the care of carpet for a facility.
- ◆ MAC for Technicians is designed specifically to train the staff that actually does the Maintenance and Cleaning and reinforces why their job is so important.
 - ◆ MAC for Technicians is offered in both English and Spanish.
